

BRASS TACKS

QUINTESSENTIAL CALIFORNIA WINES

Let's get down to brass tacks, shall we? This is the phrase that echoed Daniel LeFrancois's desire to craft wines that are true expressions of California's wine growing regions and varietals. Fruit from premier regions throughout California are selected to add specific nuances to the final blend. The results are approachable, flavorful, harmonious, and food-friendly wines.

brass tacks (noun): the most fundamental considerations; essentials; (usually used in the phrase "get down to brass tacks").
