Traditional, minimalistic winemaking techniques result in a wine that allows classic varietal characteristics and true California terroir to shine through in every glass.

QUINTESSENTIAL CALIFORNIA WINES

Let's get down to brass tacks, shall we? This is the phrase that echoed Daniel LeFrancois's desire to craft wines that are true expressions of California's wine growing regions and varietals. Daniel sources fruit from premier regions throughout California, each selected to add specific nuances to the final wine. Through traditional winemaking practices, Daniel creates wines that are reflective of classic varietal characteristics, resulting in approachable wines that are flavorful, harmonious, and food-friendly.

brass tacks (noun): the most fundamental considerations; essentials; (usually used in the phrase "get down to brass tacks").
